

Docket No. 95-004M
PATENT APPLICATIONRemarks

The attached amendment to APPENDIX A reflects those corrections pointed out by the Examiner in paragraph 2 of the Office Action dated December 3, 2002, and which were made in creating the new claim appendix. A typing error in claim sequence numbering order has also been corrected. As a consequence, it is believed this AMENDMENT supplies the omission or correction required by 37 CFR 1.111, which Notice is respectfully solicited.

Respectfully submitted,
